

Looking where to begin?
Let us help!

Step 1

Leadership

We help you plan how to implement online or blended learning in your district.

Onsite visits include help for:

- Understanding how blended- and online-learning can help your district
- Establishing an overall vision
- Creating a timeline for implementation
- Developing local policies
- Completing state distance learning plans

Teacher Development

Step 4

We assist teachers on teaching in the blended or online environment

Professional Development includes

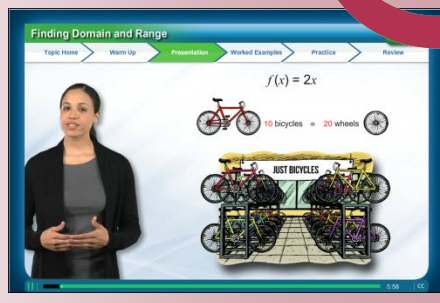

- Onsite workshops including: 1) Beginning Moodle, 2) Advanced Moodle, 3) Soft Chalk, 4) Blended Learning Facilitation
- OLLIE foundational courses on how to teach online
- Seminars for collaborative work on e-curriculum
- Access to the Blended Learning Agora Community

Step 2

E-Curriculum

We work with your curricular experts to find content that meets your needs.

E-curriculum includes

Full Courses

- Algebra 1
- Physical Science
- English 1
- Mandarin Chinese 1 & 2
- Spanish 1& 2
- Big History Project
- Reading for College Success
- Government

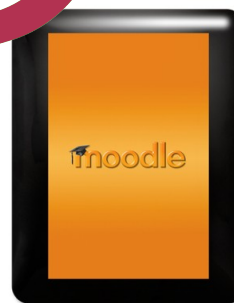

Online Units

- Global Citizenship
- Poetry (conceptual-based)
- Preferential Voting Module
- Digital Citizenship
- Cyberbullying and Online Safety
- Student Orientation to Online Learning
- Paleobiology
- And much more

Technology

Step 3

We help you make decisions regarding technology and infrastructure

Supports include

- Free Moodle hosting or help setting up your own Moodle server
- Free access to Soft Chalk e-lesson builder
